Birmingham's strength has always been in its churches, its neighborhoods, and its people.

This movement needs all three.

Fresh Food.

Local Opportunity.

Stronger Community.

Dear Faith Leaders and Church Family,

Our churches have always served as pillars of strength within our communities—not only providing spiritual guidance, but also responding to the practical needs of individuals and families. In that same spirit of community partnership, I am encouraging our local congregations to consider supporting Carver Jones Market and the importance of shopping local.

Supporting businesses within our community helps sustain jobs, promotes economic growth, and keeps resources circulating within the neighborhoods we serve. Every purchase provides an opportunity to invest in businesses that are committed to serving our residents and strengthening our community.

I respectfully encourage pastors, ministry leaders, and church members to help spread the word and consider Carver Jones Market when purchasing groceries and everyday household needs.

Additionally, we understand that churches are often on the front lines when members experience unexpected hardships. If pastors or church leaders need assistance with benevolent support for members of their congregations who are facing a time of need, please call 205-777-4477 to inquire about available assistance.

Strong communities are built through partnership, compassion, and our willingness to support one another. Thank you for your continued leadership and commitment to serving the people of Jefferson County.

With appreciation,

Commissioner Sheila Tyson
Jefferson County Commission
